Thank you Ladies for electing me as Department Chaplain, I will try to do my best to serve my God and all the special ladies who are a part of AMVETS Ladies Auxiliary, Department of Michigan.

I would like to inform all of you of the Sunshine Fund that is available to our Auxiliary members that are ill or injured. If you know of an Auxiliary member who has been in the hospital or nursing home that is ill or injured, who would like a small gift from the Department, please submit the name to the Department Chaplain. The person who sends their information to the Chaplain would act as the go between for the Department and the Local. The local representative would purchase the gift and deliver it to the ill or injured member. The name must be submitted to the Department Chaplain, who will contact the Secretary with the information regarding the illness or injury, and the local Auxiliary representative to contact. A card will be sent with a check for $20. The local auxiliary will purchase the gift of flowers, candy, or a gift that would be of interest to the member. Then deliver it to the ill or injured Auxiliary member with a card from the Department Chaplain on behalf of the Department of Mi. Auxiliary.

Please submit names and addresses of those who are in need of a Get Well, Sympathy, or Thinking of You card. The card will be promptly sent. My address is at the bottom of this bulletin.

Donations to the Sunshine Fund are still needed. This is in the Local Chaplain's instructions.

God bless all who are serving in Armed Forces of this beautiful Country, also bless all the special Ladies in the Auxiliaries who are serving them.

Just a thought = YOU are unique, one of a kind. When God made you, He threw away the blueprint. There is not another person like you. You have special gifts and talents from God which He wants you to use for His glory. Do you know what talent he gave you?

God bless us all
