

Grand Rapids Veterans Home – Bulletin – February, 2019

GRHV will not be taking any donations other than monetary while undergoing demolishing of the McLeish building & erecting the new building at 3000 Monroe NE.

They will be downsizing the residents approximately from 320 to 260 members residing at the Home beginning this Spring! Groundbreaking has been set back till they begin demolishing the McLeish building.

They will begin next month combining all residents from the McLeish building in with the residents presently living in the McMann building. This will take some time to incorporate. All activities scheduled will take place in the dining room.

So for the next 2 years we will be in the process of downsizing until they have the new building erected & completed before we are back to our present population! It will be difficult, But We Will Still put on Activities until our new building is erected. Please bear with us as we continue to put on activities for all those Members remaining! As I get the updates, will pass them on to the Department.

Thanking you in advance for your patience.

Clarice Poisson
