

## News from John Dingell VAMC

We continue each month with our program for the locked ward. Every month patients receive a bag with toiletries, canteen books and variety of snacks. Distribution is also made to the nurse's station, along with ditty bags for new patients and any toiletries patients may request. At Christmas patients in the locked ward also received a new T-shirt along with their other donations.

Our adopted Veteran receives canteen books, snacks and gifts for special occasions. He will be receiving a new outfit for St. Patrick's Day celebration.

.Madam President Kathryn Schultz will make her official tour to John Dingell VAMC, on Monday April 08, 2019 at 11.00 a.m.. I would like to invite all the officers and Auxiliary members to attend this tour. If you plan to attend please call me by Thurs. 4-04 so I may confirm with the Voluntary Director.

Those that have toured the hospital before, will be surprised at all the renovations at the hospital. The inside and outside have a complete beautiful new look. Come and see us.
