

September 2019 Personnel Chairman Website Article
By: PDP Kathy Biela

Thanks to all our Department Officers who have been doing a great job getting their articles and bulletins out to Nancy Middleton and Pat Michalski since taking over your office. Communication is the best way to keep everyone informed and updated on what is going on and you are doing a great job! I hope the members are feeling better informed.

Local Presidents, the information is being put out there and you are likely the person at your local level receiving the newsletters, so please, PLEASE share the information with your auxiliary members at your meetings. Don't just say here's the newsletter if anyone is interested in reading it! Talk about some of the highlights of things coming up: Activities, deadlines, etc., from the newsletter. You don't have to read the whole thing out loud, but you should be sharing information with your members to make our communication a success! And be sure to also encourage all members to log onto our website to keep updated as well.

Fall Conference is quickly approaching and our Fall Conference Chairman, Faye Richardson-Green has been working hard to put together a fun, and teaching weekend for our members, along with her Instructors, and of course, Department Secretary, Nancy Middleton, who has the task of compiling all the booklets and information, for the weekend. This group has been a very busy one, so be sure to come to Fall Conference and pick up some new information you may not be familiar with.

Remember to reach out to your Department Officers if you have any questions or concerns over the work you do, reporting, etc., as that is their job to assist, or to get you to someone who can assist, if they are unable to. Of course, feel free to reach out to me as well, if there is ever anything I can assist you with.

I look forward to seeing lots of new faces (and old, familiar faces too!), at our upcoming Fall Conference, September 27-29, 2019. Safe travels and have a good month.
