

## **Amazon Prime Smile**

If you are a subscriber to Amazon Prime, have you heard about Amazon Prime Smile? It is their charitable giving foundation and donates hundreds of millions of dollars annually to various charities selected by their members. As an Amazon Prime member, once you sign up for Smile, you can select the charity recipient where donations are based on your purchases. Any portion of purchases you make directly from that point forward on Smile will then go to your selected charity. It's easy!

There are many charities to choose from, but I'm putting in a plug for AMVETS Service Foundation, Roscommon, Michigan. Simply enter AMVETS in the Smile search area and several nationwide AMVETS options will pop up, scroll down and select AMVETS Service Foundation, Roscommon, Michigan. A portion of all of your future Amazon Prime Smile purchases will then be directed to the organization.

Our AMVETS Service Foundation is brand new to Smile and an announcement has not yet been made, but is on the way. I stumbled across them last night by accident and promptly made them my charity of choice.

Selecting the Service Foundation will provide a huge benefit to our Michigan veterans and their families. It's such an easy way to make a donation! And, admit it, you're ordering from Amazon anyway so make those dollars you're spending count!
