

Chaplain's Bulletin – December, 2020

I understand that the Department Chaplain receives a budgeted amount for cards, etc., however during this Pandemic year and to help ease our finances for the Department, it was suggested to ask our Auxiliary members to help out. If you have any Sympathy, Get Well, Thinking of You cards that you are not using, I would appreciate it if you could send them to me.

Also if you know of someone who is ill or just needs some cheering up, please let me know and I will send a card from the Ladies Auxiliary, Department of MI.

Wishing you all a Merry Christmas and healthy New Year! Stay Safe!
