

1st Vice President – Membership March Bulletin

As of February 14, I have not received my files to see what posts are up to date. I will be getting them at the SEC Meeting; then I can begin my job.

I look forward to the work that lies ahead. Please understand that it will take time to look over all the files; but I am sure that the work will be done. I am sorry for the delay. Any questions call me at 989-894-0355.
