

**Americanism/SOS Bulletin – March, 2024**

I hope everyone is working on their projects and reports.

I received a message from our National Americanism Officer, Debra Gass. She was reminding us that we can **NOT** claim hours on our reports for wearing Red on Fridays. However, we should continue to wear Red on Fridays to support our Troops, MIA's and POW's until they all come home. We can claim one hour a month for flying the American Flag every day.

Freedom Foundation news- Freedoms Foundation and The Union League Legacy Foundation have merged to form Founding Forward., a national nonprofit charity dedicated to educating and empowering individuals to participate in and uphold our system of self-government. Their website is- [foundingforward.org](http://foundingforward.org).

Remember your Department Americanism entries are due to me by April 1st. The committee will be judging them in Perry next month.
