

Long-Range Planning Committee  
September 2025

One of the best decisions your Local Auxiliary Officers can make is to attend this year's Fall Conference. Experienced Department Officers will provide focused training on specific topics which are found to be the most problematic for members and officers. Time for a question-and-answer session is offered so anything not covered can be addressed. You will have an opportunity to meet other women from auxiliaries in other parts of Michigan. Idea sharing can help your Local Auxiliary address areas in which you could use some extra assistance. Best of all, it's fun!

Our Long-Range Planning Committee is just now getting back to work after a post-convention summer break. Critical needs at both Department and the Locals require our attention. Specialized training which focuses on needs specific to the Local Auxiliary is still on the table and will start sometime later this year. However, if you have first attended Fall Conference, it will be a tremendous first step in helping you understand your role and how you can best use that information at your Local Auxiliary.

If you have suggestions for issues you would like our committee to tackle, please send them along to me.

Bert Lema, Long-Range Planning Committee Chair
