

Long Range Planning Committee

Jennifer Zelony

This past month we had a meeting where we are relooking at the mentor programme for our department officers that was established a couple years back. We are looking at making it more clear to our Department officers on who there first contact is when they are needing assistance and for a follow up from the Mentors position. With other topics that we have discussed was the online training video that was posted this past June before Convention and working on another one, alone with discussion of where or what next step will be if we move further with the online, zoom training class or classes for a Auxiliary that is not able to make it to the fall conference or Convention. For those who are going to be attending this fall conference you will get to see, hear which way we are moving.
